WARNING PAGE

WARNING

The power cable should not be connected to the ST-8000A when the top cover is removed. No internal settings should be changed while power is connected to the MODEM.

CAUTION

The ST-8000A must be setup in accordance with the installation instructions contained in Chapter 2 prior to attaching power to the MODEM.

CAUTION

The ST-8000A contains Electrostatic Sensitive Devices (ESD). Internal settings should only be changed at an ESD workstation.
